

June 2009

# Asset SIG Times

## **OAUG Collaborate'09**

A good time was had by all at the conference in Orlando. OAUG did it again and delivered a well organized, information packed, and entertaining conference. The Asset SIG held the first annual conference of 2009 at the conference. Once again this meeting brought forward relevant information for the group "Tax Book Setup and Maintenance". This presentation was followed by stellar conversations/discussion among the group. Thank you all for participating; you are what make this group. If you were unable to join us at the conference or via the webcast, please feel free to log onto the website and pull down the presentation <http://assetsig.oaug.org>. Other Collaborate09 News:

## **Oracle Announcement @ Collaborate '09**

During the keynote speech, Oracle announced that they are extending the support of R11i into 2011 and the release of R12.1.

## **OAUG Knowledge Factory**

The OAUG Knowledge Factory turn one year old and it was announced that a new Job Board has been developed for all of those looking to hire or looking for a job, visit: <http://jobs.oaug.org/app/#start>

## **Assets SIG Event**

**MARK YOUR CALENDARS!** The next Asset SIG meeting will be held at OpenWorld in San Francisco, October 11 – 15, 2009. We are again planning on broadcasting the meeting on a webcast for those who are not able to travel. More details to come.

Also, plan a head to join us in Las Vegas, NV at the next OAUG conference, Collaborate10 April 18 - 22, 2010.

## **Assets SIG Board**
