

# Asset SIG Times

## Oracle Open World'09

A good time was had by all at the conference in San Francisco. Oracle did it again and delivered a well organized, information packed, and entertaining conference. The Asset SIG held the second annual conference of 2009 at the conference. This meeting included members from Oracle Development. Great discussions were had. We have been asked by Oracle Development and Strategy team for assistance. Oracle Development would like a compiled list of issues / enhancement request from the SIG. Oracle Strategy team would like volunteers to be involved in requirement sessions for future features in Oracle Assets. For those that attended OOW, thank you for participating; you are what make this group. Unfortunately, the webcast was unavailable, due to some technical difficulties at the convention center. If you were unable to join us, please feel free to log onto the website and pull down the presentation <http://assetsig.oaug.org>. Details for Oracle's request:

## Oracle Development

During the SIG meeting, Oracle Development requested that we as a SIG gather issues / enhancement requests. Once gathered we will vote on these items. The top items will be communicated to Oracle for input on incorporating the item(s) in the standard functionality for the application. Critical timelines:

- **Due November 6** – please provide me with any items you would like to include to be voted on – please note that these enhancements must be universal and not specific to just you. Oracle will only consider enhancements that make since globally.

## Oracle Strategy

Oracle Strategy has asked for volunteers to be involved in requirement sessions. This is to plan out requirements for future releases. Please send me your information if interested – please send by **October 23<sup>rd</sup>**.

**WE HAVE TWO GREAT APPORTUNITIES TO INFLUENCE THE FUTURE OF ORACLE ASSETS – LET'S GET INVOLVED!!!**

**MARK YOUR CALENDARS!** The next Asset SIG meeting will be held at OAUG Collaborate'10 in Las Vegas, NV, April 18-22, 2010. We are again planning on broadcasting the meeting on a webcast for those who are not able to travel. More details to come.

**PAPER SUBMISSION DUE DATE FOR OAUG IS OCTOBER 20<sup>TH</sup> – GET YOUR PAPER IDEAS SUBMITTED**
