

Asset SIG Times

Enhancement Request Voting

A big **THANK YOU** to everyone who submitted Enhancement Requests and all those who participated in the voting on the enhancement requests. We have a top list of enhancements that will be passed onto Oracle Development. Here are the top vote recipients:

1. ER-8356664 – Accumulated Depreciation accounting on additions [**1.5 average**]
2. Incorporate bar-coding in standard functionality for maintenance [**1.3 average**]
3. ER-8405368 - Unable to perform Unplanned Depreciation in period added [**1.1 average**]
4. ER-7705668 – Ability to populate / retain Serial Number & Tag Number when splitting invoice [**1.1 average**]
5. ER-1949723 – Lease assets feature – break out principal and interest when interfacing to AP [**1 average**]
6. ER-8231740 – Ability to enter Asset Units to Payables [**1 average**]

We will update with progress on the above Enhancement Request at the next conference, unless Oracle comes out with a patch in the meantime.

OAUG Collaborate '10

MARK YOUR CALENDARS! The next Asset SIG meeting will be held at OAUG Collaborate'10 in Las Vegas, NV, April 18-22, 2010. We are again planning on broadcasting the meeting on a webcast for those who are not able to travel. More details to come.

TOPIC SUBMISSION TO BE DISCUSSED AT THE SIG MEETING

If you have any ideas of topics that you would like to have presented at the next SIG meeting, please feel free to submit them to me.

Asset related presentation scheduled for OAUG Collaborate '10:

- Closing Fixed Assets in R12, what you need to know to have a successful close
- Event Accounting? What's that and how will it impact Assets in R12?
- Why move away from Account Generator?
- Handling Fixed Assets in IFRS Implementation Program
- Lessons Learned from an Oracle E-Business Suite Assets
