The Asset SIG board is excited to announce that we will have several guests at our upcoming SIG meeting being held at OpenWorld this year. We will have a special presentation “Convergence US GAAP & IFRS, what it means in FA” given by Seamus Moran from Oracle. Also, we expect to have members from Oracle Support and Development in attendance for Q&A. We are currently attempting to get someone from the Oracle Fusion team to attend to give an update on Fusion Assets. We hope to see you at the conference and remember to bring your business card for our raffle. See you in a couple of weeks!!!!
