

Asset SIG Times

OAUG Collaborate14 Recap

OAUG recognized the Asset SIG by rewarding us the Certificate of Distinction Award (5th year in a row)!

On behalf of the Asset SIG Board, I would like to thank all that attended the Asset SIG meeting at Collaborate. As mentioned in the meeting we are looking for individuals to participate on the board. Please let me know if you are interested in joining the board. In our meeting we had Victoria from Oracle Proactive Support discuss several new initiatives by Oracle Support. She also mentioned note 954704.1 which will list the recommended patch information. We encourage you to review the note multiple times throughout the year to see the most recent recommended patches. We had a lively discussion after Victoria's presentation about several topics/issues/questions people had about Oracle Assets, thanks to all that contributed to the discussion. In addition to the Asset SIG meeting there were several asset related sessions throughout the week:

- 13871 – How to utilize Oracle Assets to manage asset movements between countries
- 13872 – When and How should I convert asset data into Oracle Assets
- 13919 – A single ledger approach to GASB34 compliant asset processing
- 14078 – Building a custom WebADI
- 14547 – Asset revaluation or impairment – understanding Release 12 Fixed Assets Options
- 14880 – Eliminate manual efforts in your Fixed Assets process by customizing in R12
- 15040 – Oracle Projects integration with Oracle Fixed Assets in Release 12
- 15060 – View Assets and customize the seeded subledger accounting setups, the easy way
- 15122 – Enablement of inter book asset transfers in deployment of multiple asset books environments

Unfortunately I could not make to all of the sessions, but if you were unable to attend the conference or session, we have the white paper and presentation that we could send you, just drop us a email and which session you would like details about.

Please note our website will be updated with the 2014 Certificate of Distinction Award as well as the SIG meeting presentation.

SIG Webinars

We in the process of gathering a list of topics to ask Oracle to conduct a webinar on, please send us an email with any topics you are interested in and we will do our best to get a webinar scheduled to present on those topics of interest.

Oracle OpenWorld 2014

MARK YOUR CALENDARS! We will conduct a meeting at Oracle OpenWorld 2014 in San Francisco, CA, September 27 – October 2, 2014.

We are looking for members to present at the SIG meeting, if you have a topic that you would like to share please send a short abstract of the topic or if you have a topic of interested but do not want to present please send those topics and the abstracts to brian_bouchard@chistartech.com.

May 2014
